- CREARE UN INDIRIZZO E-MAIL SUL PROPRIO PIANO HOSTING

Loggarsi nel pannello di controllo del proprio dominio

- **User Name:** nomedominio
- **Password:** quella assegnata da Eurologon o quella scelta se è stata variata

MonsterControls<sup>V7.0</sup>

User Name:

Password:

**LOGIN**

Nel menu sulla sinistra cliccare su “**User Account Maintenance**” (Configurazione degli utenti) e dal menù a discesa scegliere la voce “**add/edit users**” (aggiungi / edita utenti)

The screenshot shows the MonsterControls V7.0 interface. On the left sidebar, the menu items are: Getting Started Guide, Email Options, Site Maintenance, **User Account Maintenance**, Database Management, view user accounts, **add/edit users**, change passwords, Hosting Account History, Webmaster Tools, Monstercontrols Site Map, and Log Out. The 'User Account Maintenance' menu item is highlighted with a pink box, and a pink arrow points to a dropdown menu. In the dropdown menu, 'add/edit users' is highlighted with a pink box, and another pink arrow points to the 'add/edit users' link in the main content area. The main content area features a 'Monstercontrol: Important Notice' banner, a 'MonsterFace' logo, and a 'Your Server Information' box. The 'Your Server Information' box contains the following text: Domain Name: @itac.net, www.@itac.net, Server Name: @itac.net, Web Directory Path: /www/@itac/, Current IP: 66.221.91.250.

- inserire uno **username** per il nuovo account pop3
- indicare la **dimensione** massima della casella di posta
- digitare una **password**
- cliccare al fondo della pagina su **“Submit”** (aggiungi) per aggiungere l'account.

Adding a new user may result in an additional charge to your account if this feature is plan.

Add New User Name:  (show start with a letter and contain and/or hyphens)
