

Piani Hosting con Pannello Ensim Pro

Loggarsi nel pannello di controllo del proprio dominio

- **login**: *nomedominio*
- **domain**: *nome del proprio dominio con l'estensione*
- **password**: *quella assegnata da Eurologon o quella scelta se è stata variata*

The screenshot shows a login form titled "Site Administrator Login:". It includes instructions: "Your Login is the Site username." and "Your Domain is the site's domainname.com." followed by "These fields are case sensitive." The form contains four input fields: "Language:" with a dropdown menu set to "English (US)", "Login:" with the text "eurologon", "Domain:" with the text "eurologon.com", and "Password:" with a masked password field. A "Login" button is positioned below the password field.

Nel menu sulla sinistra, cliccare su "**aliases**" (alias)

The screenshot displays the Ensim Pro control panel interface. On the left, a vertical sidebar titled "SYSTEM MENU" lists various system management options. The "ALIASES" option is highlighted with a red box, and a red arrow points from it to the "ALIASES" link in the main content area. The main content area features a dashboard with several sections: "HOME" with links for "Dashboard" and "Shortcuts"; "My Web Site" with a sub-header "build, manage, and enhance my web site"; "Unique Page Hits" with a sub-header "Monthly Avg.:" and "Last Month:"; and "Users & Mailboxes" with a sub-header "manage and monitor my site's user & email resources". The "Unique Page Hits" section shows "This Month:" and "Not Available". The "Users & Mailboxes" section shows "Users (Mailboxes):" and "1/40".

Per cancellare il catch-all cliccare sull'icona del **cestino** a destra i corrispondenza della riga del **“catch-all”**
